## **Fast Play Ticket Sales Suspended Due to Vendor Software Issue**

**TRENTON (April 27, 2021)** – The New Jersey Lottery temporarily suspended ticket sales for the Fast Play family of games due to a vendor software issue. Ticket sales were halted upon discovery of the problem. Vendors Northstar New Jersey and IGT are actively investigating the matter and will provide additional information on [www.NJLottery.com](http://www.NJLottery.com) when it becomes available. Players should keep all Fast Play tickets until further information is made available.

Fast Play tickets, which let a player immediately know if they have won, are printed by Lottery terminals and are also available at self-service vending machines.
